

<p>We are a safe place for children to grow and be the best they can be</p>	
<p>We give all children lots of opportunities to learn whatever they need</p>	
<p>We teach the children a wide range of interesting things to help them achieve their best</p>	
<p>We teach children that everyone is to be treated the same and to respect each other</p>	
<p>We work as a team to help children achieve their best and behave well</p>	
<p>We give children the opportunities to learn how to learn and develop life skills so they can deal with any challenges they may face</p>	
<p>We respect each other and show this to the children so they can learn to have positive mind sets and behaviour</p>	
<p>We will keep working with Alderley Edge village and the surrounding area and use the things in the environment to help us learn. We will also give back to the community</p>
